Dated: 08-10-2009

To

All the Regional Directors/Director/Joint Directors In-charge,
All the SSMCs/SMCs
ESIC Regional/Sub Regional Office,

Sub.: Project Panchdeep - Delegation of Powers to Branch Managers etc. for certain items of work to be done by them/arrangements to be made by them

Sir/Madam,

Please refer to this Office letter of even no. dated 08th July 2009 on the above subject.

M/s. WIPRO has informed about the problem of earthing in some locations (BOs and Dispensaries) where it was found that the difference between neutral and earth wire was exceeding 3 volt. This is not ideal for installation of hardware even after placing the inverters/UPS etc. It has been desired by WIPRO that proper earthing arrangements will have to be provided by ESIC on such locations to bring the difference between neutral and earth wire not exceeding 3 volt.

This item of work may be executed by the Branch Officers in all Regions/Sub Regions/Divisions, wherever required within powers delegated to them under Item 1) of the above referred letter.

Yours faithfully,

(Arvind Kumar)
Jt. Dir. (Sys.)
