**Sub: Monthly Statement of Expenditure - ESIC Hospitals**

Sir,

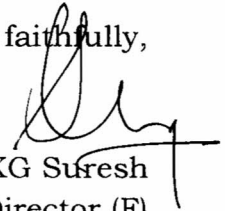

It has been observed that a uniform pattern was not followed while making the budget estimates for drugs & dressings and the super specialty treatment expenditure. Therefore, it has been decided that the expenditure on super specialty treatment may be shown in monthly statement of expenditure under 7 major heads separately with effect from the statement for April, 2011. The heads now may be modified to include super specialty expenditure as below.

1	Administrative expenses
2	Furniture & Eqpt
3	Vehicles
4	Other charges
5 (a)	Drugs& dressings (Excluding Sup. Specialty treatment)
(b)	Super specialty treatment
6	Miscellaneous
7	Waste mgmt
