Sub.: Actions relating to IT Project Panchdeep Training

Dear Sir,

Training, as already communicated by WIPRO/Systems Division is to continue as per programme.

1. Training in IT Project Panchdeep is to continue as per programme already communicated by WIPRO/Systems Division.
2. RDs/Wipro are to ensure that UIDs and passwords are provided to all officers / staff and user role mapping is done.
3. Wipro is to ensure that Administrator Module are assigned to newly posted Deputy Director for all controlling offices falling in their area / place of posting, alongwith help file / manual file for operation of these modules. This will enable quick role mapping of officers/staff whose UID / Password are issued later or whose role changes.
4. Since duration of the training is fixed the RDs / JDs In-charge must ensure that the officials nominated for hand holding/training are ready with actual file / data for processing during training.
5. In case of any clarification / further assistance Sh. Sandeep Elayat (Mob. 09845325611), Wipro may be contacted at sandeep.elayat@wipro.com

Yours faithfully,

(Arun Kumar)
SPOC for HR
