

## NOTE

I have come to understand a good number of clubs and service providers like entertainment etc. functioning in NCR are either not covered or if covered good number of employees not registered with ESI. In recent times when we have initiated lots of improvements both in medical case and cash benefit delivery, I expect our field officers should be proactive in getting such units covered by being a facilitator and not for sake of bringing revenue.

2. While on a visit to Rohini area on 20.3.2010, I have found FCI godown with large infrastructure at Mayapuri Area. It should be employing huge number of contract workers. Whether all such godown of Govt. of India PSUs/Undertakings stand covered as per latest notification under Section 1(5)?

I would like a special drive during April, 2010 for coverage of all such service providers and left out employees coverage for which RD and JD I/c of NCR may formulate an Action Plan like, (i) holding a meeting with HRD Officers of all such units at their respective areas bringing out benefits of ESI Scheme with emphasis on latest initiatives & (ii) Survey (as facilitator). Let me have a weekly report on above from 2nd week of April, 2010 to Director (Revenue).

  
**Insurance Commissioner**  
**22.03.2010**

To  
RD/JD I/c, Delhi including SRO Noida.
