Subject Introduction of qualifying conditions for availing super
Speciality medical treatment.- Clarification thereof

Sir/Madam

Kindly refer to this office Instruction bearing No., N.11/12/1/96-Bft.II dated 30.12.2010 on the above cited subject vide which fresh conditions for eligibility for super specialty treatment were laid down by removing the earlier condition of sickness benefit imposed by Standing Committee of the Corporation vide its resolution dated 23.06.2003.

In this connection, it is clarified that these Instruction dated 30.12.2010 are applicable to newly registered IPs only. The old registered IP are eligible for super specialty treatment if they are eligible for medical treatment.

It is further clarified that old instructions dated 26.8.2003, 08.10.07 and other related instructions issued in this regard and regarding laying down the parameters for relaxation of condition of sickness benefit for super specialty Treatment are not in existence now as these instructions were framed when eligibility for sickness benefit was the condition for availing supper specialty treatment.

This has the approval of Insurance Commissioner.

Yours faithfully,

(K.N.Chamoli)
Asstt.Director(Bft).
