Sub : National Pension System – Remittance of funds.

महोदय/महोदया,

In spite of repeated guidelines on the subject, it has been observed that some of the accounting units are not adhering to the instructions regarding timely upload of subscriber contribution and its payment to NSDL. In addition, frequent occurrence of following errors has been reported by PFRDA.

- Remittance into an invalid beneficial account.
- Mismatch between amount remitted and amount as per SCF.
- Furnishing of expired/incorrect Tran ID.
- Multiple payments for the Tran ID/SCF.
- Remittance made after deletion of SCF in NPSCAN.

It is requested that the above work is required to be monitored with utmost care as avoidable delay due to any of the above reasons creates sub-optimal returns for the employees, thus impeding their pension corpus accumulation and monthly pension receivables.
