Sub:- Enhancement in ceiling of expenditure for providing medical benefit to the beneficiaries under ESI Scheme.

Sir/Madam,

The Employees State Insurance Corporation, in its 154th meeting held on 15.12.2011 at New Delhi has approved the enhancement in ceiling on medical care expenditure from existing ceiling on Rs. 1200/- to Rs. 1500/- per IP per annum. The bifurcation of this expenditure shall be as under:-

- Administrative expenditure - Rs. 900/- per IP per annum.
- Other expenditure - Rs. 600/- per IP per annum.

In addition to this, the Corporation has also approved reimbursement of Rs. 200/- per IP per annum to the State Governments, for the year in which the bed occupancy in all the State ESI Hospitals is more than 70% during the completed financial year. The reimbursement is given to the State Governments, in order to utilize the existing infrastructure optimally and also to encourage them to provide staff and equipments as per ESI Norms. This amount will be non-sharable and will totally be borne by ESI Corporation. Further this amount will be untied and State Governments will be free to use it on any sub heads i.e “Administrative” or the “others”.

This order will take effect from 01.04.2012.

All State Governments are therefore, requested to immediate take necessary steps & plan accordingly, so that they can avail the benefit of increased ceiling and additional reimbursement.

Yours Faithfully,

(Dr. S.K. Jain)
Dy. Medical Commissioner
